MONDAY'S WEDDINGS.

Ray-Laramie Marriage at St. Mary's Church.

There were three marriages at St. Mary's church in this city Monday morning. The first, at seven o'clock, was that of Pierre Roy, Jr., and Miss Catherine Laramie. The ceremony was performed by Rev. C. J. Lemieux, who also sang the nuptial mass. The fathers of the young couple, Pierre Roy, Sr., and Mitchell Laramie, were the witnesses. Following the wedding a reception was held at the home of the bride's parents, at No. 20 Milk street.

GIRLS! WOMEN! TAKE CASCARETS IF CONSTIPATED

THEY LIVE UPON YOUR LIVER AND BOWELS AND CLEAR YOUR COMPLEXION.

DON'T STAY HEADACHY, BILIOUS WITH BREATH BAD AND STOMACH SOUR.

Get a ten-cent box now. Tonight! sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets will live up to your liver and clean your thirty feet of bowels without griping. You will wake up feeling grand. Your head will be clear, breath right, tongue clean, stomach sweet, eyes bright, step elastic and complexion rosy—they're wonderful. Get a 10-cent box now at any drug store. Mothers can safely give a whole Cascaret to children any time when cross, feverish, bilious, tongue coated or constipated—they are harmless.

MAYOR'S RECOMMENDATIONS.

Cover Programme for the Year for Board of Aldermen—Appointments of Committees.

Every member of the board of aldermen was present at about three dozen spectators attended the regular meeting of the board Monday evening in the council chamber, the chief interest of course centering in the appointments for the year, which were to be announced.

The routine business of reading the minutes of the previous meeting was first proceeded with, after which the report of Chief E. H. Richmond for December was read, showing a record of 16 of which intoxication figured, 4 were committed to jail, 7 paid fines and costs, 7 were released by the chief, and the others variously disposed of. Forty-eight tramps were lodged in the stationhouse, 131 complaints received and stolen property to the value of \$184.00 recovered.

The expenses of the street department from Dec. 15th to Jan. 8th total \$384.25, according to Superintendent Sumner's report.

The report of City Health Officer W. P. S. Keating showed six nuisances abated, two inspections, eight permits to school children issued.

Plumbing Inspector John R. McCarthy submitted a list of the buildings on which the plumber or electrician refused to comply with his orders. The report was accepted.

Mayor Daniel E. Dunn then read to the board his annual message, as follows:

Mayor Dunn's Message.
 Gentlemen of the Common Council: In entering upon a new year, I feel that the affairs of our city, it becomes my duty to call to your attention such matters concerning the city's welfare as are likely to come under your consideration during the ensuing year. With full confidence that you are imbued solely with the purpose of advancing the true interests of the city, I predict an earnest and harmonious effort on the part of all, to render to the community a full and conscientious accounting of the trust they have thought proper to place in our care, and prove ourselves worthy of their implicit faith in our integrity.

Financial.
 My first duty is to call your attention to the state of our finances. The present net liability of the city is \$122,357.87, which indicates an increase of \$6,000 during the year just passed over the previous year. For this increase the common council cannot consistently be held accountable, since the city meeting levied an increase of 1 cent to meet current expenses. It would be appreciated, however, if your board in the intelligent exercise of economy should materially decrease this liability without sacrificing any necessary or essential municipal improvement.

There is now outstanding \$100,000 municipal bonds due October 1, 1928, and \$100,000, that will mature August 1, 1934. The sinking fund to retire this indebtedness now amounts to \$55,105.25.

There is also an issue of \$75,000, water bonds due October 1, 1924, and another of \$50,000 due October 1, 1928. The sinking fund to retire these bonds now amounts to \$4,903.65, and should be consistently increased to sufficient to redeem the bonded indebtedness at maturity. It should not be overlooked that it was necessary to borrow \$5,500 to retire the \$50,000 water bonds due October 1, 1924. This loan was paid and cancelled during 1915 from earnings of water department, leaving additional balance named for sinking fund.

Streets.
 The special appropriation of \$5,000 made for stone block pavement construction at the annual city meeting will be utilized on Church street and North street between Main and Valley streets. Undoubtedly Union street between Main and Jackson streets will in another year require similar construction.

The present condition of Jackson street demands immediate attention. The surface is so badly worn that it will have to be replaced by concrete. I therefore respectfully suggest that you give the matter your immediate consideration and investigate the most modern improved method of macadam adapted for withstanding the wear and tear of traffic on this important thoroughfare, so that work can be started thereon so soon as the weather will permit.

Street Lighting.
 The present contract for street lighting will expire November 15, 1916, and during your term of office. It is none too soon to give its renewal proper consideration, and particularly relative to the economy of the use of incandescent lamps over arc lamps. In the consideration of petitions for new street lights that you will receive

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

HAIR BECOMES CHARMING, WAVY, LUSTROUS AND THICK IN FEW MOMENTS.

EVERY BIT OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

For 25 cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and shines as a young girl's after applying some Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggly, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy—growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Danderine from any drug store or toilet counter and just try it.

 Telephone Lady Assistant

during the ensuing year, strict economy requires the installation of incandescent lights wherever the same are practical. The light fixtures by the latter has proven very satisfactory, and the difference in cost of \$80 and \$150 respectively should have due weight in considering the city's interest.

Sidewalks.
 I recommend that you give every possible encouragement to the continuation of the excellent sidewalk construction that has recently prevailed. The city is well repaid for the expense of the improvement, and it has to bear by the improved appearance of its streets, while property owners are equally benefited by the enhanced value of their premises, and the traveling public enjoy the privilege of being part of a community of progressive methods and civic pride.

Sewers.
 The work of erecting the buildings of the Quinick-Whitcomb company and on Arnold's lane with the public sewer has been partially done and should be pushed to an early completion with the opening of spring. The sum of \$3,000 was appropriated by the annual city meeting for sewer construction, and the proper expenditure of this amount for improved sanitation and health of the inhabitants of the city, is second in importance to the department.

The sewer plan under which we have been heretofore working was very complete at the time it was projected, but the steady growth of the city will soon make its extension a necessity. In the meantime every possible building should be connected therewith, and the system should be connected therewith.

Health.
 The comparative freedom from epidemics enjoyed by the city in recent years is no doubt due in part to the present sanitary conditions, and the average satisfactory purity of its water supply. It behooves the common council to watch both the water supply and the sewerage system, and to investigate the cost and utility of a filtering plant to be installed at the pumping station so as to be prepared to take prompt action should necessity or advisability require it.

Water.
 The history of the water department of our city is a matter of pride and congratulation. It has proven adequate to the demands made upon it, and is capable of supplying the city at its present rate of growth for many years to come. It has been self-supporting from the start, and its revenues steadily increase. Its property is in good condition, and no important expenditures are necessary for repairs.

Ice.
 The establishment of an ice plant at the pumping station, and the harvesting of ice for the benefit of the inhabitants of the city, has become an almost indispensable governmental function, and its success is dependent upon maintaining prices within reach of all as much as the furnishing of a profit on the investment. Both purchases and sales should be made on a contract with a strict observance of its conditions appears to be the most feasible method.

Fire Department.
 The fire department has an excellent record of efficiency, and maintains this high standard it should be equipped with every possible modern accessory. For the better fire protection of the city, it is recommended that a motor truck for the department would be a material aid and potent factor in the department's work. I recommend its purchase for your consideration.

Police Department.
 The safety of life and property is entrusted to the police department. It has always fulfilled the requirements of the trust imposed with credit and ability. The police force is constantly increasing. It should be, therefore, provided with additional facilities to meet the growing demand.

Positively the city is not yet ready for the installation of a complete police signal service, but that an initial step in this direction should be taken appears necessary. I therefore recommend your prompt consideration of the desirability of installing a signal box at the corner of Railroad and Main streets.

Parks.
 The city has accepted the gift from Charles A. Young, deceased, of a public park at the southerly extension of Main street. The park is a beautiful grove of trees, and should be maintained for the use of the public before next summer. I call your attention to the matter for the purpose of investigating the cost of placing the park in suitable condition, so that a clause can be inserted in the warning for the next city meeting to make an appropriation therefor.

Conclusion.
 The matters to which I have referred and those which will constantly present themselves require your early and unceasing attention. It is our duty, and should be your steadfast endeavor, to co-operate in their performance. No appreciation can be too great for the time and energy that our official work is completed with our retire with the best wishes of all citizens who have the real interests of the city at heart.

DANIEL P. DUNN,
 Mayor.

The mayor then appointed Aldermen Holbrook and Graves as tellers, stating that a vote Yes meant to confirm the mayor's appointment, and No to reject.

The appointments, with the votes on the same, follow:
 Corporation counsel, Yes, No, 6 1
 Thomas J. Kelly, 6 1
 Inspector of plumbing, Jesse French, 7 0
 Collector of taxes and assessments, Arthur Racicot, 6 1
 Superintendent of streets, John S. Sullivan, 4 3
 Superintendent of waterworks, H. S. Moulton, 7 0
 Superintendent of pumping station, George H. Allen, 7 0
 Superintendent of sewers, Chief engineer of fire department, fire marshal, inspector of buildings and superintendent of fire alarm, Thomas P. Foley, 8 1
 Assistant engineers, Frederick H. Berger, 7 0
 James J. Tighe, 7 0
 Frank M. Lincoln, 6 1
 Fire police, William Hadfield, 8 1
 Clinton C. Root, 7 0
 Walter J. Costello, 7 0
 Police—Cassius, Vaughn, Holbrook, Jenkins, 7 0
 Police—Cassius, Vaughn, Holbrook, Jenkins, 7 0
 Sanitary—Cassius, Vaughn, Holbrook, Jenkins, 7 0
 Footbridge—Cassius, Vaughn, Holbrook, Jenkins, 7 0
 Ordinances—Mayor, corporation counsel, Aldermen Jenkins, Graves and Cassius, 7 0
 Purchasing Committee—Mayor, Aldermen McIntosh, Jacobs, Jenkins, Library—McIntosh, Vaughn, Jenkins, Mrs. Rose Gray Fenton, Mrs. Nellie

Donohue, Herbert E. F. Tinsing, Pierre D. Moreau.
 Sewers—Holbrook, Graves, Jenkins, Sewer Assessments—Vaughn, Cassius, McIntosh.
 Sanitary—Holbrook, Jacobs, Cassius, Highway Commission—Jenkins, Jacobs, McIntosh.
 A resolution authorizing the mayor to borrow \$5,000 for the current expenses was passed.
 John Collins, nominated by the sewer committee for superintendent of sewers, was chosen by unanimous vote. The meeting adjourned at 9 o'clock.

MICHAEL O'NEILL'S FUNERAL.

His son, Rev. F. J. O'Neill, Celebrant of Solemn High Mass of Requiem.

The funeral of Michael O'Neill was held at St. Joseph's church in this city Monday morning. His son, Rev. F. J. O'Neill of Stamford, Conn., celebrating the solemn high mass, officiated. Rev. James B. Dougherty of Hartford, deacon and Rev. Bernard M. Donnelly of Groveland, sub-deacon. Rev. T. P. Bannister of this city, Rev. John Broderick of Norwich, and Rev. John A. Dooley of South Coventry were in the sanctuary. Professor Frank L. Barrett of Fairfield's church, Norwich, was the organist, and the mass was sung by a quartette consisting of John Collins, James Tighe, Mrs. Henry Sullivan and Miss Mary McKeown. The bearers were Mayor Daniel P. Dunn, John H. Morrison, James J. Haggerty, James H. Maxwell, James B. Dougherty, Philip J. Moriarty. Burial was in the family lot in St. Joseph's cemetery.

Meeting Goes Over.
 The meetings of the Ladies' auxiliary of St. Joseph's hospital was postponed from Monday afternoon until today because of the stormy weather.

Cutting 10-Inch Ice.
 Monday morning a gang of twenty men and the director of the city, Mr. Grouard began the work of cutting ice at P. B. Eaton's pond in Mansfield, the ice proving to be about ten inches thick and of good quality. Mr. Grouard has purchased the ice privilege from Mr. Eaton for this winter.

Evangelistic Services.
 The evangelistic services at the Methodist church which began this week will be held every evening at seven thirty except Saturdays, Wednesday afternoon at three o'clock and Friday afternoon at four o'clock, for the young people especially. Miss Adams, the evangelist who is conducting the services, is getting close to the end of her tour, and is certain to produce beneficial results by the work here.

OBITUARY.

Mrs. William F. Palmer.
 Susan B. widow of William F. Palmer, died at her home in Scotland, Scotland, Monday morning, following a two weeks' illness with pneumonia. She was a native of Scotland, born April 22, 1827, the daughter of Thomas and Mary (Dorcas) Palmer. One daughter, Mrs. James H. Johnson of Scotland with whom the deceased made her home, survives her.

Hugh Carney.
 Hugh Carney, 53, a resident of New Haven, who for many years resided in this city, died in St. Raphael's hospital in New Haven Saturday of Bright's disease. He was the son of Mr. and Mrs. William Carney of this city, and leaves three sisters and a brother, none of whom reside here. The body will be brought to Willimantic for burial.

NOANK

Officers Elected By Baptist Sunday School—Local Small Notes.

Officers chosen Sunday for the Baptist Sunday school were: Superintendent, W. I. Spicer; assistant superintendents, F. E. Williams and Dr. E. P. Fitch; secretary, W. A. Frazer; treasurer, Miss Gertrude Brown; chorister, A. V. Morgan; librarian, Hope Burrows; superintendent of home department, Mrs. Minnie Stewart; assistant, Mrs. F. I. Rathbun; superintendent cradle roll, Mrs. William Patterson.
 Pendleton has arrived from New York. Mrs. Simeon Coles who has been ill is recovering.
 Howard Hunter has returned to New York.

 Mr. and Mrs. William Robinson, and sons, Perry and Claude, attended a surprise party at the home of Mr. and Mrs. Walter Robinson at East Great Plain Tuesday evening.
 Prof. Eugene W. Hilgard, aged 83, the oldest living professor emeritus of the University of California, died of the grip at Berkeley, Cal.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
 Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, gives healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of
Dr. J. C. Fletcher
 In Use For Over 30 Years
 The Kind You Have Always Bought
 THE CASTORIA COMPANY, NEW YORK CITY.

CLOSE SHOOTING OF THE NEW ZEALAND HOWITZERS.

Wellington, New Zealand, Jan. 10.—Remarkable performances in the way of close shooting upon the Gallipoli peninsula are recorded of the New Zealand howitzers and field guns. The New Zealand official war correspondent, Major Ross, reports that toward the end of August a major of infantry telephoned calling attention to the fact that the New Zealand howitzers were dropping shells into the trench occupied by his men. He therefore asked the battery commander if that particular trench of the enemy. The reply was that the firing was being done purposely inasmuch as the battery commander fully trusted his men and his guns even with a margin of only five yards. The reason for this close fire was because the infantrymen in the front trench had apparently run out of bombs and were being severely dealt with by the Turks.
 During the Turkish counter-attack on the night of May 15 the New Zealand No. 2 battery of field artillery fired 611 rounds of shrapnel at the Turkish trenches only 20 yards distant from the Australasian trenches. The shells shrieked continuously over the heads of the Australasians crouching in their trenches and throughout the night there was only one premature burst. As it was a dark night and the range only 1,000 yards, giving necessarily a very flat trajectory, "the feat" the correspondent says, "involved accurate and careful laying on the part of the gunners. The slightest error such as the short setting of a fuse would have been serious under such circumstances."
 But that close shooting in the Dardanelles operation occasionally accidentally worked havoc among the British forces is shown by the fact that on the afternoon of August 28th when Colonel Malone with a handful of New Zealand infantrymen was actually within sight of the Narrows having surrounded the Sari Bair ridge, he was killed by shrapnel being fired by British warships at the heavy Turkish counter-attack, and that there were numerous other casualties among the New Zealanders from the same cause.

FIRE DAMAGES KRUPP WORKS AT MOSEN

Two Buildings Were Completely Destroyed Saturday.
 Amsterdam, Jan. 10, via London, 10.50 a. m.—According to the Frankfurter Zeitung, considerable damage has been done to the Krupp works at Mosen by a fire that occurred on Saturday. The fire broke out in a shed used for models and spread to an adjoining building that contained the wheel workshops, both buildings being completely destroyed.

that on the afternoon of August 28th when Colonel Malone with a handful of New Zealand infantrymen was actually within sight of the Narrows having surrounded the Sari Bair ridge, he was killed by shrapnel being fired by British warships at the heavy Turkish counter-attack, and that there were numerous other casualties among the New Zealanders from the same cause.

WEEP NOT FOR "OLD MAN NOCKER," ALTHOUGH HE'S DEAD—BEHOLD HIS FUNERAL

Mock impressive funeral services for "Old Man Nocker" marked the first annual Syracuse (N. Y.) prosperity frolic staged in the streets of that city. Old Man Nocker, the corpse, typified by a large hammer, was the object of the obsequies. Mounted on a pall, he was carried through a slush covered streets lined with thousands of spectators. His bearers were bankers and business men, wearing cowls. In front of the city hall a eulogy over the deceased "Duty of Depression," King of Critics and Prince of Peasants" was pronounced by Dr. Gloom, the bent old man shown standing beside the hammer on the platform. General Prosperity attended the funeral to pay due disrespect to the deceased. Other characters in costume were Father Time, 1916, and Uncle Sam. The funeral was attended by military display. After the final funeral ceremonies in Syracuse, the "National Hammer" was entrained for San Francisco, to be interred in the Pacific Ocean.
